# SALLY ROBERTS & DOT

**HEIGHT:** 4'11"

**SUPERPOWER:** SUPER SENSES & TEAMWORK

Born blind, Sally Roberts was given her dog Dot as a present from her parents. Trained as her guide dog since being a puppy, they've been together ever since and the two have developed a connection strong enough to seemingly even allow the two to know what the other is thinking.

## *STEPS BLIND PEDESTRIANS TAKE NAVIGATING SIDEWALKS*

- 1 LOCATE THE STREET: USING TRAFFIC SOUNDS, CURBS/SLOPES, AND SURROUNDING STRUCTURES.**
- 2 STREET RECOGNITION: MANY DEVELOP A MENTAL MAP IF INFORMATION IS NOT IN AN ACCESSIBLE FORMAT.**
- 3 INTERSECTION ASSESSMENT: USING KNOWLEDGE OF THE CROSSWALK + TRAFFIC SOUNDS.**
- 4 CROSS THE ROADWAY: FACE THE OTHER CURB, LISTEN FOR SIGNALS OR A SURGE OF FOOT TRAFFIC.**
