

MAYA & MATEO

MAYA & MATEO

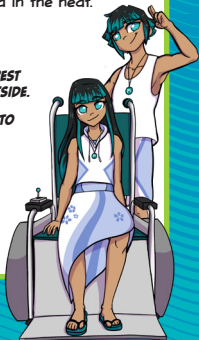

HEIGHT: 5'1

SUPERPOWER: Super Smart, Inventors

TOOLS: Hoverchair, Various Gadgets

Mateo's twin sister Maya was involved in a car accident when she was younger, which left her in a wheelchair. This inspired them to use their super smarts and technical abilities to create a hoverchair full of supplies and other gadgets to help those in need. Together, they spread awareness about the importance of seat belt safety, and how to be prepared in the heat.
