TIPS FOR RAIL SAFETY

STAY ALERT AROUND RAILROAD TRACKS. REFRAIN FROM TEXTING, WEARING HEADPHONES, OR OTHER DISTRACTIONS THAT WOULD PREVENT YOU FROM HEARING AN APPROACHING TRAIN; NEVER MIX RAILS AND RECREATION.

#1 IF YOU SEE TRACKS, ALWAYS EXPECT A TRAIN; Trains today are quieter than ever - any approaching train is always closer and moving faster than you think.

#2 CHOOSE A SAFE PLACE TO PLAY, AWAY FROM THE TRACKS; it is illegal to trespass and highly dangerous. It takes the average freight train more than a mile to stop.

#3 REMEMBER TO ONLY CROSS TRAIN TRACKS AT DESIGNATED PEDESTRIAN OR ROADWAY CROSSINGS, and obey all warning signs and signals posted there.

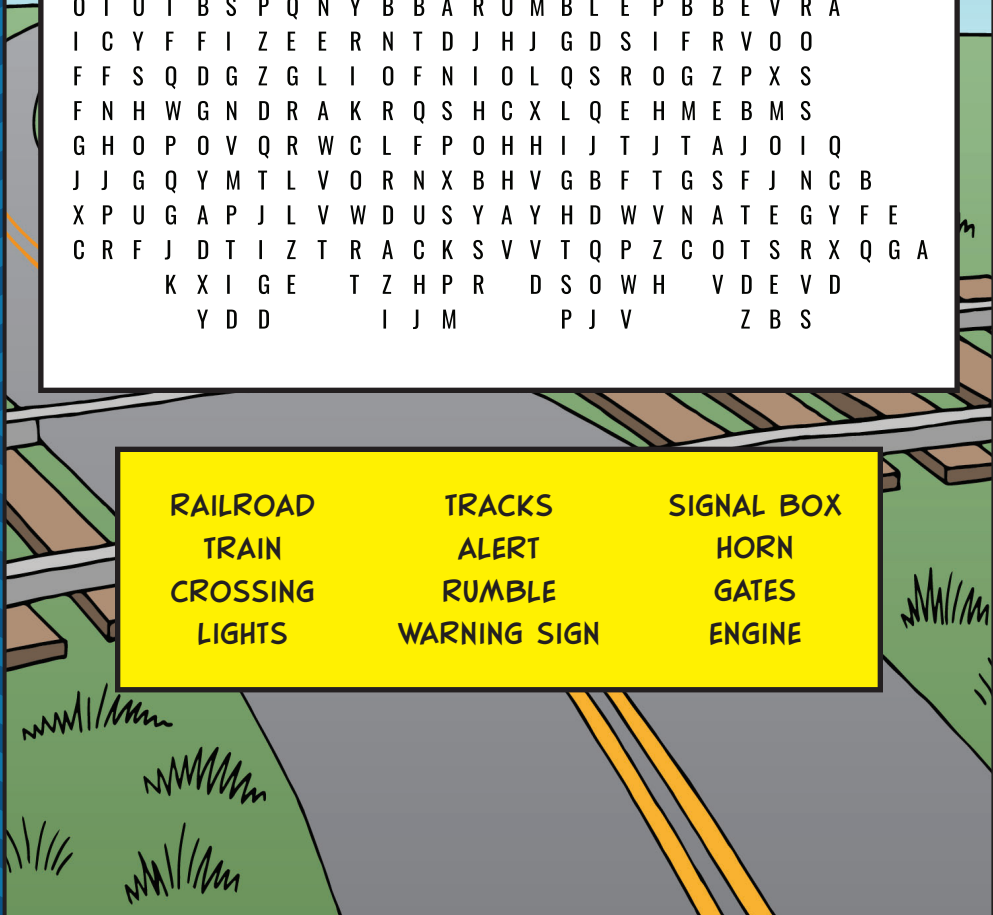

#4 When approaching a crossing, REMEMBER TO STOP, WAIT, AND KEEP A SAFE DISTANCE. Listen for the crossing bells and look for flashing lights and lowering arms.

#5 After a train passes, ALWAYS WAIT UNTIL THE ARMS ARE FULLY RAISED AND THE LIGHTS STOP FLASHING, AND LOOK BOTH WAYS before crossing. Another train may be approaching behind the first one or from the other direction on a multi-track crossing.

**ONE BEAUTIFUL SUMMER AFTERNOON,
EVERYONE WAS HAVING FUN PLAYING BASEBALL.**

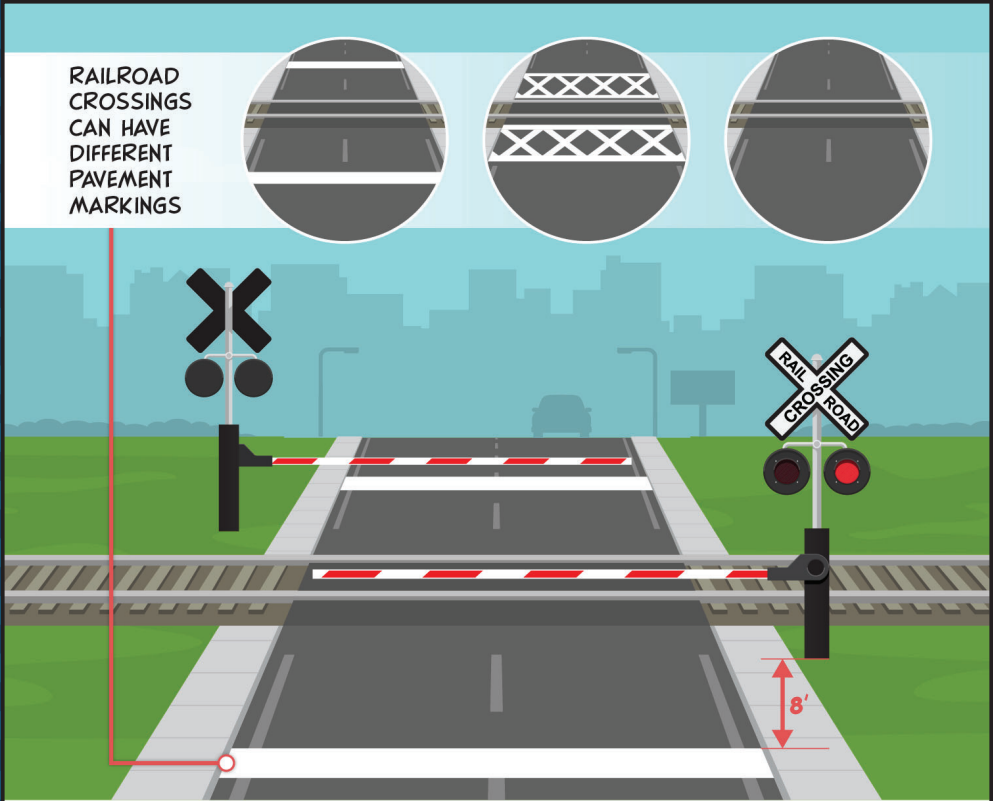

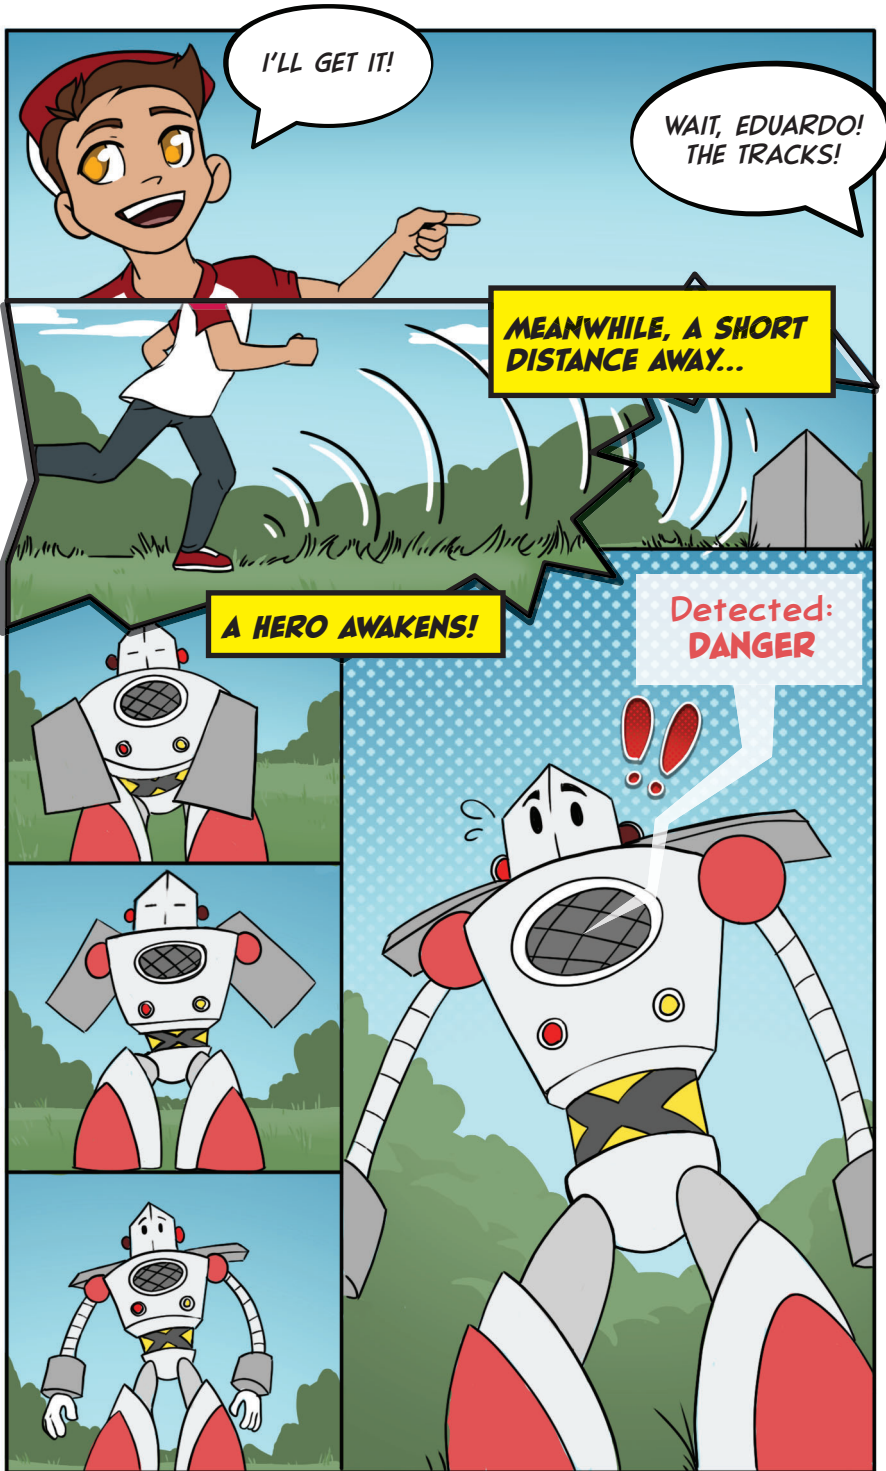

UNTIL...

**EDUARDO HIT A HOMERUN
OVER THE FENCE AND PAST
A RAILROAD TRACK AT THE
EDGE OF THE PARK!**

STAY BACK FROM THE TRACKS!

When the gate is in the down position, stay 15 feet or more back from the tracks. Always be smart, and remind friends and family about these important safety rules too!

FOLLOW ME AND I'LL SHOW YOU WHAT TO LOOK FOR!

WHO ARE YOU ANYWAYS?

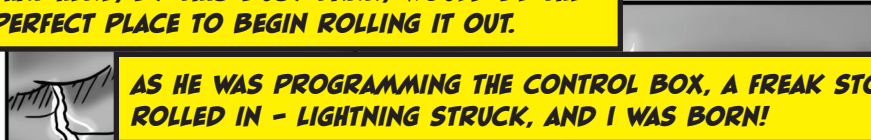

I'M RW-X, THE GUARDIAN OF THE RAILWAY

DR. RAIL WAYNE, AN INVENTOR AND PROTEGE OF DR. COHEN, HAD FOR YEARS BEEN WORKING ON A NEW WAY TO KEEP PEOPLE SAFE AT RAIL CROSSINGS.

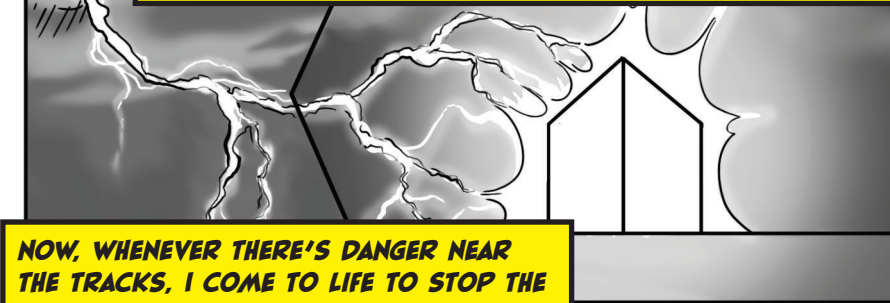

Uploading
80%

AFTER PERFECTING HIS TECHNOLOGY, HE DECIDED THAT HERE, BY THIS BUSY PARK, WOULD BE THE PERFECT PLACE TO BEGIN ROLLING IT OUT.

AS HE WAS PROGRAMMING THE CONTROL BOX, A FREAK STORM ROLLED IN - LIGHTNING STRUCK, AND I WAS BORN!

NOW, WHENEVER THERE'S DANGER NEAR THE TRACKS, I COME TO LIFE TO STOP THE CHAOS BEFORE ANYONE CAN GET HURT.

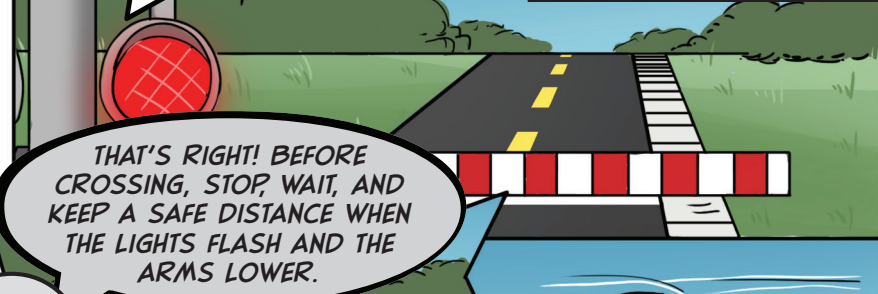

WHEN EDUARDO AND RW-X ARRIVE AT THE CROSSING, THE LIGHTS BEGIN TO FLASH...

...AND THE ARMS DESCEND...

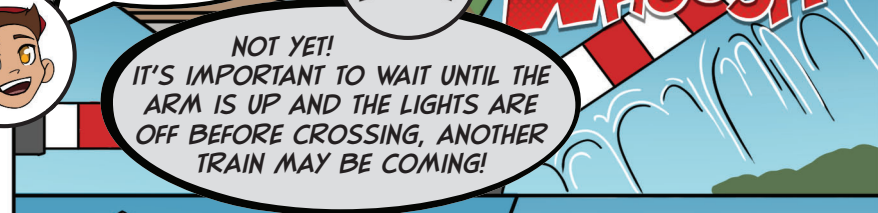

...AS RUMBLING CAN BE HEARD IN THE DISTANCE

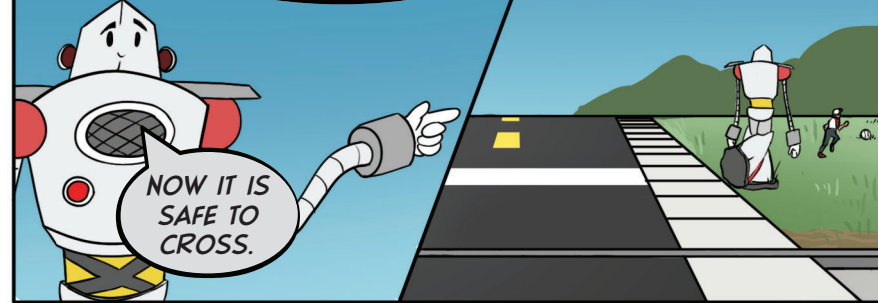

THAT'S RIGHT! BEFORE CROSSING, STOP, WAIT, AND KEEP A SAFE DISTANCE WHEN THE LIGHTS FLASH AND THE ARMS LOWER.

THE TRAINS PASSED, NOW I CAN GET THE BALL!

NOT YET! IT'S IMPORTANT TO WAIT UNTIL THE ARM IS UP AND THE LIGHTS ARE OFF BEFORE CROSSING, ANOTHER TRAIN MAY BE COMING!

NOW IT IS SAFE TO CROSS.
